

SAVINGS OF POOR BY STAMP SYSTEM

Agent of Associated Charities Describes Its Success.

"Provident Savings Through Personal Service" was the topic discussed at the meeting of the Young People's Religious Union of the Unitarian Church, Fourteenth and L streets, William A. Hyde, secretary of the Provident Savings Auxiliary recently organized by the Associated Charities, told of his enlistment as a volunteer collector of small savings a year ago when an appeal was made for volunteers at a meeting of the young people of the First Congregational Church. Mr. Hyde told how his interest in the work has developed, how it has brought him into natural contact with people in the alleys and neglected homes of Washington who look forward eagerly to the weekly visits of the "stamp man."

Mr. Hyde spoke especially of the confidence which people have in the stamp savings system and of the fact that \$5 or \$10 savings often means to the poor family the difference between self-support and dependence upon charity. He said that the Provident Savings Auxiliary hopes to enlist a great many volunteer collectors who will each give an hour or two once a week. He said that the hope is to more than double this year the \$12,138 collected by this means last year.

BLOCKED A BULLET, WOUNDED IN CHEST

With a gunshot wound in the left side of his chest, Harry Potts, colored, eighteen years old, is in a serious, but not critical, condition in the Emergency Hospital. Potts was shot by William Lyles, also colored, during a struggle with a colored man named Bowie, near Laytonville, Montgomery county, Md. Lyles accompanied his victim to the Emergency Hospital yesterday. After hearing the story told by the two men, Lyles was arrested, and taken back later in the day by Sheriff Mulligan. Lyles says that he was endeavoring to shoot Bowie, when Potts got in the way of the gun, the bullet entering his chest. The three men, it is said, had been attending a dance Saturday night near Burnt Mills. Bowie and Potts became involved in a quarrel, and Lyles went to Potts' assistance.

ONLY 10 DAYS

Left Before the Great Sale of North Randle Highlands

When Randle Highlands was put on the market, about eighteen months ago, purchasers camped on the ground all night before the day of sale. Many were offered 100 per cent on their investment before the day was over. Lots which sold for \$250 then are now selling for \$600.

You can select your lot in advance at North Randle Highlands, before the great sale on the 30th of May, when there will be two bands of music and refreshments on the ground. Come out and spend the day—you can take your lunch under the trees or by the side of the brook and enjoy the bracing air from the Highlands and the grand panoramic view of Washington. Don't lose this opportunity, if you did the last, to secure a lot or a villa site for a home or investment. You can go out and make a personal inspection of the property free of cost, and secure a choice lot before the great opening day, the 30th of May. Lots and villa sites from 3 cents to 16 cents square foot, which is \$75 to \$450 a lot—\$25 cash—balance \$5 per month.

If you want to get ahead of the great rush of purchasers, cut out the coupon in the corner, and a map, with prices, and an automobile will be sent to you at the time you designate in coupon.
